From the President's Desk

The Kings University College is a diverse and vibrant university. We are a Christian university but we welcome students from all over the world and from all social, family or religious backgrounds.

This prospectus will help you learn about the programmes we offer to enable you enroll at the Kings University College.

Kings University College offers programmes in business, computing and Law. You may enrol as an undergraduate or a post graduate student, or undertake professional or management development programmes.

Whatever programme you decide to pursue, our aim is to transform your life, meet your needs and help you build your career.

I encourage you to enrol at the Kings University College for a lifetime experience.

Felix Kwame Semavor Ph.D.

Founder & President , KUC

MEET OUR BRAND AMBASSADOR

MR. SOLOMON KEKELI SEMAVOR

(QUALIFIED CIMA AT AGE 21.
THE YOUNGEST CHARTERED MANAGEMENT
ACCOUNTANT IN GHANA)

Mr. Solomon Kekeli Semavor is at present the youngest passed finalist of the Chartered Institute of Management Accountants (CIMA) in Ghana, and the 11th youngest in Africa. CIMA is the toughest accountancy course globally and CIMA Chartered Accountants earn the designation "Chartered Global Management Accountant" (CGMA).

Solomon Kekeli's early life saw him sail through the Cambridge A Level with 3A's in Economics, Accounting and Business Studies at Alpha Beta Christian College (Dansoman Accra). He began CIMA while still in lower 6 at Alpha Beta College and was able to pass all 5 Certificate level papers, thus attaining a Certificate in Business Accounting even before entering the university.

He was enrolled at the Kings University College (Weija Accra) where he combined his CIMA Studies with the first degree in Business Administration. He also took on the additional responsibility of being the President of the SRC (2016/2017) academic year.

It was not a walk in the park, but his firm belief and dedication to God, ensured he achieved success in all his endeavours.

Currently aged 21, he holds an undergraduate degree from the Kings University College, alongside this great feat he has achieved in CIMA professional examinations.

Solomon is a Charismatic Christian and also engaged in part time Christian ministry with the vision of bringing revival to the Nations of Africa and the World at large.

Solomon Kekeli is the President of Kingdom of God Foundation, a benevolent organisation engaged in several activities in Ghana.

Dr. Mensa Anamua Otabil
Chairman, Board of Regents

Dr. Mensa Anamua Otabil is the founder and General Overseer of the International Central Gospel Church. He presents the “Living Word” broadcast on both radio and television across the country.

Dr. Otabil is also the founder and Chancellor of Ghana's premier privately-owned university, the Central University. He is a philanthropist, motivational speaker, an entrepreneur and consultant.

He has also within the last two decades, emerged as a leading voice in African Christianity advocating for a proper synthesis of Christian religious expression and the translation of spirituality into practical everyday action. He is the Chief Executive Officer of Otabil and Associates, an Executive and Leadership Growth Consultancy and currently the Chairman of the Board of Governors of the Ghana-India Kofi Annan Centre of Excellence in ICT.

Dr. Otabil is the Chairman of the Board of Regents of the Kings University College and also serves on several other Boards and Trusts within Ghana and in other parts of the world.

Dr. Felix Kwame Semavor
Founder & President, KUC

Dr. Felix Kwame Semavor is the President of the Kings University College and Chairman of Kingdom Group Ghana Limited. Dr. Semavor is a Ghanaian entrepreneur who started his career as a chartered management accountant in the Ghanaian mining industry.

He has held various management positions, including Financial Controller for Shell Ghana Limited. He was also the founder of Kingdom Transport Services Limited, and held 41% of the equity until he divested his interests in January 2006.

Dr. Semavor graduated from the London School of Accountancy in 1988, having qualified as a Chartered Management Accountant. He was awarded an MBA from the Edinburgh Business School, Herriot-Watt University, Scotland, United Kingdom.

Further, Dr. Semavor was awarded a Ph.D. (Business Administration) by the Washington International University (WIU) in 2004.

Dr. Semavor is a member of the Institute of Chartered Accountants (CA, Ghana), a fellow of the Chartered Institute of Management Accountants (FCMA) UK, and a Chartered Global Management Accountant (FCGMA) UK. Dr. Semavor served as a non-executive director on the Board of Directors of the Internal Revenue Service, Ghana, from 1996 to 2001. He received a Gold Award from the European Market Research Centre for "Managerial Excellence in Africa" in June 2002 at a ceremony in Brussels, Belgium. In September 2004, Dr. Semavor was admitted to the West African Nobles Forum, a group of eminent West Africans who uphold the virtues of honesty, integrity and accountability. Further, Dr. Semavor received the Entrepreneur of the Year Award "Silver" (Ghana) in December 2004.

Dr. Semavor was appointed to the Board of Regents of the Central University College in 1998 and has been an active member of the Board for the past 13 years. Dr. Semavor is the founder and president of Kings University College.

Professor Edmund Ato Kwaw is the Vice President of the Kings University College and also Dean of the Faculty of Law, Governance and International Relations. Prior to taking up this appointment, Professor Kwaw was a Visiting Associate Professor of Law at the Faculty of Law of the University of Cape Coast, and before that, taught at several tertiary institutions in Ontario, Canada, including the Faculties of Law of Queens University, Kingston; York University, Toronto; and the University of Windsor. He has wide teaching and research interests that cover Children's Rights, Conflict of Laws, Administrative Law, International Finance and Regulation, Banking Law and International Trade.

He holds the following degrees from the listed universities: B.A. (Hons), University of Ghana, Legon; LL.B (Hons), University of Leeds, UK; LL.M, Queens University, Kingston, Ontario, Canada; D.jur, Osgoode Hall Law School, York University, Toronto, Ontario, Canada.

Mr. Simon Peter Tsekpo is the Registrar of the Kings University College. Prior to assuming this position, Mr. Tsekpo was the Director for Business Development and also held several management positions in the Kingdom Group Ghana Limited since May 2008.

Some of the notable positions are: Commercial Manager for Kingdom Premium Fruits Ltd., Operations Manager for Advanced Voice Systems Ltd., General Manager for Royal Atlantic Resort, and Residential Manager for the Kings University College.

Mr. Simon Peter Tsekpo had his Bachelor of Science degree in Business Administration from the University of Ghana, Legon in 2002 and his MBA degree from Worcester University, UK in 2007. While in the United Kingdom, Mr. Tsekpo worked as an Assistant Manager for ISS Mediclean Limited at the Harefield Hospital for two years.

He is currently studying for doctorate degree in Business Administration.

Prof. Edmund Ato Kwaw
Vice President

Mr. Simon Peter Tsekpo
Registrar

VISION

The Kings University College's vision is to be acknowledged as a Center of Excellence and university of choice in Africa for academic and professional programmes in business, law, Computer Science & Engineering, Health & Allied Sciences, and Food & Allied Sciences. We would be at the forefront in business, ICT and legal education as well as research and innovation among African universities.

MISSION

The mission of the University is to provide a broad and superior undergraduate education that imparts knowledge, skills and values that are essential to educated and responsible citizenship. Further, the University will provide high-quality graduate and professional programmes in areas of need and importance to Africa.

To accomplish these educational goals, KUC will continue to compete internationally to attract a faculty which is distinguished by its commitment to teaching and innovation. The University will strive to attract a faculty that will bring distinction and stature to all the programmes it offers.

CORE VALUES

Core values are the authentic guiding principles that define who we are as a University and what we stand for as an institution. We strive for excellence seeking to apply and match the highest standards to benefit our communities.

Excellence

We shall produce a brand of graduates who are distinctive academics, professionals, and effective leaders in the dynamic global economy. We shall encourage our workforce to strive for excellence in everything they do.

Creativity and Innovation

We encourage our student and workforce to challenge the norm, be creative and innovative.

Integrity

Our workforce and graduates shall uphold the virtues of moral integrity and high ethical values in their endeavours.

Critical Thinking and Emotional Intelligence

Our students shall be trained in critical thinking skills to enable them develop emotional intelligence.

MS. SANDRA SARKODEE-ADDO
(2017 Best Speaker of Campus Parliament
for all Tertiary Institutions & a proud student of KUC)

Academic and Intellectual Freedom

We shall train our students to develop skills to enable them practice academic and intellectual freedom in their endeavours.

Accreditations

All our programmes are accredited by;

1. National Accreditation Board, Ghana

A Regulatory agency under the Ministry of Education charged with responsibility to issue institutional and programmes accreditation after vigorous assessment.

2. Chartered Institute of Management Accountants (CIMA), UK.

The Kings Business School is also accredited by the Chartered Institute of Management Accountants (CIMA), UK.

The Kings University College is the first university in Ghana which is accredited by the Chartered Institute of Management Accountants (CIMA), UK with highest exemptions in CIMA course in B.Sc.

(Accounting)

Affiliations

1. University of Cape Coast, Ghana

The University of Cape Coast is one of the largest and prestigious universities in Africa. It was established in October, 1962. Presently,

the university has 5 colleges which include College of Education Studies, College of Humanities and Legal Studies; College of Agriculture and Natural Sciences; College of Health and Allied Sciences and College of Distance Education. It also has ten faculties and schools including the Faculty of Arts, Faculty of Education, Faculty of Law, and Faculty of Social Sciences, School of Agriculture, School of Biological Sciences, School of Business, School of Medical Sciences, School of Physical Sciences, and Support Services.

Kings University College Schools and Faculties are affiliated to the University of Cape Coast giving KUC the opportunity to offer same programmes as UCC. By virtue of the affiliation with the University of Cape Coast, students who successfully complete their degree at the KUC would be awarded the relevant degree by the UCC. The UCC School of Business is one of the best in Africa and provides high quality teaching, research and outreach in business and allied disciplines.

University of Cape Coast has signed and reviewed a number of Memoranda of Understanding with reputable foreign Universities/Institutions such as The Institute of Chartered Ship Bookers, University of Georgia, Delaware State University, and University of Tennessee all of USA, University of Sheffield, U.K., Copenhagen Business Academy, Holland, University of Ibadan, Nigeria and many others.

UCC now has a total regular student population of 18,498 beside the Sandwich and Distant Learning Students.

4 year Degree Programmes Plus 1 year Top-up For Multiple Professional Certificates

The Kings University College is the premier private Academic and Professional University in Ghana offering academic degree programmes with professional proficiency qualifications to enable KUC students enter the global corporate job market with competitive advantage.

In today's corporate job market, employers prefer to recruit graduates with academic degrees and professional proficiency qualifications. Most universities in Africa award only academic degrees to their students on completion of their studies.

At Kings University College, we offer FOUR YEAR Degree programmes plus one year Top-Up to enable students study for the Final examinations of world class professional institutions which will enable them qualify as Professional Accountants (ACCA, CA(Ghana), CIMA) or Professional Bankers (CIB (UK), CIB (Ghana) or Professional Marketers (CIM), or Professional Human Resource Practitioners (ICSA, CSQS), or Professional Purchasing and Supply (CIPS).

1. The Kings University College is working with reputable professional Associations for Accreditation.

2. From the first day of enrolment, KUC assists students to register and become student members of the professional association of their choice.

3. KUC satisfies eligibility requirements to enable our Barrister at Law – (LL.B) graduates to be enrolled at the Law Schools in

Ghana, Nigeria and Great Britain for their Barrister at Law Certificates.

4. By virtue of KUC accreditation with the professional Associates, Kings University College will obtain highest exemptions from the examinations of the Professional Associations comparable to exemptions available to the highest ranked universities in the world.

5. Kings University College offerings are very unique and different from all other universities in Africa.

MR. JULIUS EBENEZER AKPEH
(ACMA, CGMA - QUALIFIED AT AGE 22)

He is a member of the Chartered Institute of Management Accountants (CIMA). Having performed excellently at the CIMA, UK, he was awarded Africa's Top Performer and best Financial Management (F2) in Ghana in the November 2014 sitting. Mr. Akpéh passed the CIMA exams (Integrated Strategic Case Study) and became a Chartered Accountant in November 2015 at the age of 22, becoming the youngest CIMA finalist in Ghana at that time.

Mr. Akpéh is an affiliate member of the Chartered Institute of Bankers (CIB), Ghana, and a holder of the Institute of Chartered Accountants (ICA), Ghana, Part III. At the December 2017 Level 1 examination of the Chartered Financial Analysts (CFA) Institute, his performance, compared with that of all candidates globally, revealed that, he performed better than over 90% of the 90,000 candidates who sat for the exams of which only 43% passed.

He is now a candidate preparing to sit for the Level 2 whilst at the same time pursuing his MBA in Strategic Management at the Kings University College. He studied BSc. Banking and Finance at the same University and graduated in May 2016 with a First Class Honors and was adjudged the overall Best Graduating Student (2015/2016). Mr. Akpéh is now 24 years old.

Post Graduate Programme

Prof. Kalyan Kumar Sahoo
Dean, Kings Business School &
Faculty of Business Administration

PROGRAMME PHILOSOPHY

The Kings Business School provides two-year MBA programme with a contemporary and innovative programme designed to develop accounting skills required to function effectively within private businesses, non-profit organizations and public agencies.

The programme equips students with the technical knowledge, as well as the critical thinking, communications and interpersonal skills necessary to succeed as management professionals. A high degree of student interaction in lectures and practice in group dynamics, decision making and presenting is encouraged.

In addition, students visit local business organizations, work through simulation exercises, and investigate organizational issues. Business leaders share their experiences with the class through week-end guest lectures.

Today, executives must necessarily be flexible and adaptable. In addition to possessing the knowhow and mastering the tools of management, they must be able to see the larger context in which they function, in order to cope successfully with an environment characterized by rapid change. To ensure this, the program adopts a unique approach so that the participants would complete the program with a strong foundation of knowledge of different functional areas of business management besides development of expertise in a specialised area of Business.

The Program also offers a blend of international and African perspectives, that best reflect the realities of today's multinational, multicultural business milieu.

This combination of perspectives ensure that students understand the nature of domestic and international markets; are sensitized to the demands of multicultural teams and work environments; become comfortable with and capable of managing ambiguity and diversity; develop strategic skills and adaptability.

Bachelor of Laws (LL.B)

Prof. Edmund Ato Kwaw
VP & Dean, Faculty of Laws

PROGRAMME PHILOSOPHY

The Kings University College (KUC) is uniquely placed to provide quality education through the provision of comprehensive, liberal and professional programmes that challenge learners to be creative and innovative.

Kings University College offers 4 year and 3 year LL.B programmes.

The four year LLB programme for SHS or non-degree entrants is designed to give graduates a comprehensive and solid background to prepare them adequately for the professional law course focusing on serving the needs of students by presenting them with the flexible time and duration options with the goal to prepare them into productive citizens and future leaders who can serve the nation and global community in diverse ways.

The 3 year LL.B programme for non-law graduates of other disciplines, provides entrants with a comprehensive legal education, of a shorter duration.

general skills such as independent research, teamwork and debating. It prepares students for range of careers and also enables students to gain experience in practical legal research and problem solving.

OBJECTIVES

- ◆ Provides the student with a foundation that should enable him/her pursue a career in legal practice upon completion of the Ghana Law School
- ◆ To enable the student acquire legal knowledge and to have a meaningful appreciation of major national development problems and their possible implication for international relations.
- ◆ To equip students with specialized knowledge and skills needed for the pursuit of legal careers in different sectors of the economy.

JUSTIFICATION FOR THE THREE & FOUR YEAR LLB PROGRAMME

As the economy of Ghana grows, the need for Lawyers in various aspects of the economy grow with it. The lack of adequate Lawyers in the economy is manifested in the limited number of judges constituting the judiciary, the woefully inadequate number of lawyers at the Attorney General's Department and other government agencies and the generally very low number of Lawyers in the country as a whole.

Bachelor of Laws (LL.B)

A vast majority of graduates in several disciplines use the Law in their day-to-day works as administrators, regulators, law enforcers and businessmen. The contributions of such persons to the economy would be greatly enhanced if they should acquire training as lawyers in addition to whatever background they have.

The increasing number of people who are desirous of acquiring a degree in law and/or becoming practicing lawyers calls for the expansion of opportunities for legal training.

Admission into the few existing universities that offer LLB programmes is very competitive due to the large number of applicants. KUC with a law faculty which already has the personnel, logistics and the facilities will be exploiting the opportunity to operate to its maximum potential by offering both 3 year and 4 year LL.B programmes.

UNIQUENESS OF PROGRAMME

- ◆ Four years LL.B degree designed for Senior Secondary High Schools while the 3 year programme is designed for graduates of other disciplines
- ◆ LLB degree graduates are eligible to enter Ghana Law School
- ◆ Separate Library facilities for Ghana students

THE LL.B PROGRAMME STRUCTURE

The Kings University College 4 year Bachelor of Laws (LL.B) programme is designed primarily for senior High School leavers and matured students (students above 25 years). The 3 year programme is designed for graduates of other disciplines.

The LL.B programme structure offers compulsory subjects required for access to Ghana or Nigeria Law School. Graduates from the programme will be in the same position as any other graduate in Law from any of the three premier Universities in Ghana. The minimum credit required for graduation is 120.

The programme structure and course descriptions are as follow:

The 4 Year LL.B Law

Level 100 (Semester 1)

- ◆ Ghana Legal System & Methods 1&2
- ◆ English Language 1 & 2
- ◆ Constitutional Law 1 & 2
- ◆ Computer Applications 1 & 2
- ◆ Philosophy 1 & 2

Level 200 (Semester 1 & 2)

- ◆ Law of Tort 1 & 2
- ◆ Law of Contract 1 & 2
- ◆ Political Science 1 & 2
- ◆ Immovable Property 1 & 2
- ◆ Equity Trust and Succession Law 1 & 2

Level 300 (Semester 1 & 2) 4 Year LL.B Law

- ◆ Criminal Law 1 & 2
- ◆ Law of Taxation 1 & 2
- ◆ Banking Law 1 & 2
- ◆ Legal Research and Writing 1 & 2

Level 400 (Semester 1 & 2) 4 Year LL.B Law

- ◆ Dissertation 1 & 2
- ◆ Company Law 1 & 2
- ◆ Jurisprudence 1 & 2
- ◆ International Human Right 1 & 2
- ◆ African Union Law 1 & 2

Bachelor of Laws (LL.B)

The 3 Year LL.B Law

Level 100 (Semester 1)

- ◆ Philosophy 1 & 2
- ◆ Political Science 1 & 2
- ◆ Law of Contract 1 & 2
- ◆ Constitutional Law 1 & 2
- ◆ Legal System & Method 1 & 2

Level 200 (Semester 1 & 2)

- ◆ Law of Tort 1 & 2
- ◆ Criminal Law 1 & 2
- ◆ Commercial Law 1 & 2
- ◆ Immovable Property 1 & 2
- ◆ Equity, Trust and Succession 1 & 2
- ◆ Civil Liberties & Human Rights 1 & 2

Level 300 (Semester 1 & 2)

- ◆ Banking Law 1 & 2
- ◆ Jurisprudence 1 & 2
- ◆ Law of Taxation 1 & 2
- ◆ Commercial Law 1 & 2
- ◆ Intellectual Property Law 1 & 2

MS. QUEENSLEY C. DERBY
(2017 Best Law student in Ghana, a proud student of KUC)

B.Sc Computer Science

Dr. Gershon Adzadi
Dean, Faculty of CSEng.

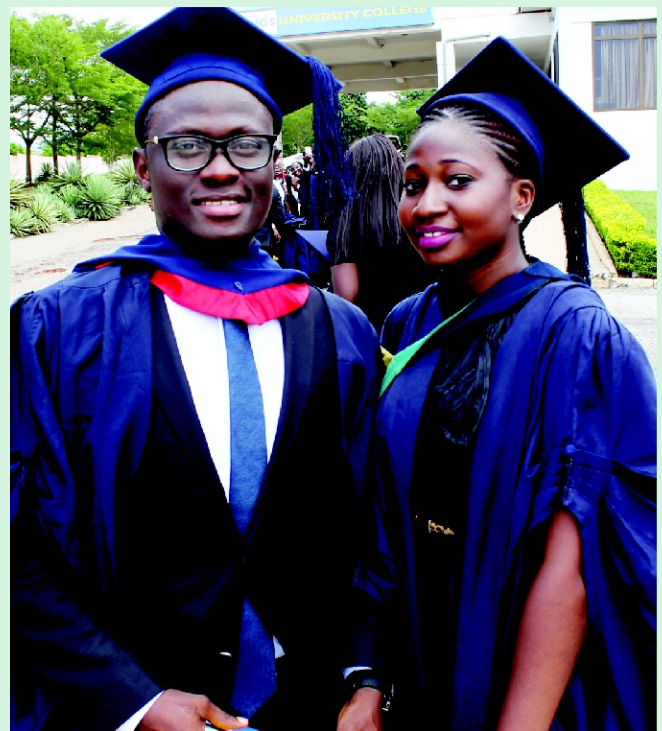

PROGRAMME PHILOSOPHY

The curriculum is designed to accommodate students who want to obtain deep and well-rounded knowledge in the field of Computer Science. It also prepares students for further studies. The programme focuses on the provision of knowledge in three broad areas:

1. To provide students with a clear understanding of the theoretical background and basis of computation, train them in formal thinking and make them appreciate concepts of complexity and commutability. To this end, apart from subjects relating to Mathematics, modules on Logic, Data Structures, Algorithms and Complexity and Theory on Programming Languages contribute.

2. To provide students with a strong theoretical as well as practical understanding of the design and development of modern computer systems in general. Students should be able to obtain deep understanding on the hardware devices that exists in modern computer systems as well as the core technologies/software that control their use. Modules contributing to this goal include Digital Design, Computer Architecture, Data Communications, Computer Networks and Operating Systems.

3. To provide students with the skills in appreciating, designing and implementing computer solutions to a variety of problems. Fields that are addressed for this area include Programming, Database Systems,

B.Sc Computer Science

OBJECTIVES

The objective of the Program is to produce graduates that:

- ◆ Become academically competent in the field of computer science and make connections with related discipline
- ◆ Are able to continue their studies at graduate level in any computer science related field.
- ◆ Handle the problems of scale and complexity that applications in industry and commerce present.
- ◆ Are familiar with the world of work through practical experience, gained through laboratory work and project development
- ◆ Appreciate the need to construct systems that both satisfy requirements and enhance the lives of those who use them
- ◆ Recognize the requirements and limitations for computer systems in the scientific and industrial environments
- ◆ Understand the design and programming issues that underlie the construction of systems that can be changed, extended and adapted to meet the demands of a rapidly changing technological and commercial environment.
- ◆ Understand the technologies related to computer systems and appreciate and adapt to changes in such technologies.

PROGRAMME COMPONENT/STRUCTURE

The Bachelor of Science (Computer Science) programme at the Kings University College is a four-year programme and the minimum credit required for graduation is 144 credits over 8 semesters of sixteen weeks duration.

The curriculum is structured that at levels 100 and 200, all Bachelor of Science in Information Technology, Computer Science and Management Information System offer a total of 24 common courses for a total of 72 credits.

From levels 300 to 400, the students start their various specialisations.

Level 100 (Semester 1)

- ◆ Mathematical Foundations in C. Science
- ◆ Fundamentals of Computing
- ◆ Principles of Programming
- ◆ English Language I
- ◆ African Studies (African Civilization)
- ◆ French Language

Level 100 (Semester 2)

- ◆ Theory of Computing
- ◆ African Studies (African Civilization)
- ◆ Object Oriented Programming (C++)
- ◆ Foundations of Computer Systems
- ◆ French Language II
- ◆ English Language II
- ◆ Calculus

Level 200 (Semester 1)

- ◆ Data Structure & Algorithm
- ◆ Introduction to Databases System (Oracle)
- ◆ Introduction Operating Systems
- ◆ Intermediate Programming (JAVA)
- ◆ Advanced Calculus
- ◆ Digital Electronics

B.Sc Computer Science*Level 200 (Semester 2)*

- ◆ Introduction to Web design and Prog.
- ◆ Numeric Methods
- ◆ Computer Architecture & Organisation
- ◆ Management Information Systems
- ◆ Human Computer Interaction
- ◆ Linear Algebra

Level 300 (Semester 1)

- ◆ Advanced Web Programming & Tech.
- ◆ Advance Database Management System
- ◆ Multimedia Systems
- ◆ Software Engineering
- ◆ Distribution Systems
- ◆ Research Methods

Level 300 (Semester 2)

- ◆ Data Communication and Networks
- ◆ Mobile System and Application
- ◆ Software Architecture Design
- ◆ Complexity of Algorithms
- ◆ Digital Marketing
- ◆ Graphics

Level 400 (Semester 1)

- ◆ Network Programming
- ◆ Computer Security
- ◆ Entrepreneurship
- ◆ Project Management
- ◆ Artificial Intelligence
- ◆ Project Work

Level 400 (Semester 2)

- ◆ Systems Administration
- ◆ Numeral Analysis
- ◆ Operational Research
- ◆ Ethics and Professional Issues
- ◆ Project Work II
- ◆ Elective

Level 400 (Elective)

- ◆ Introduction to Image Processing
- ◆ Robotics
- ◆ Games Technology
- ◆ Digital Marketing
- ◆ Business Strategy

The Ultra-modern Computer Lab

B.Sc Information Technology

PROGRAMME PHILOSOPHY

The curriculum is designed to accommodate students who want to obtain deep and well-rounded knowledge in the field of Information Technology. It also prepares students for further studies. In order to realize this, the programme mission is to:

1. Provide the highest quality of education in order to produce distinguished graduates in the area of Information Technology.
2. Satisfy the changing needs of ICT market place and requirements.
3. Become one of the leading faculties of information technology in Ghana
4. Establish a bridge between community and industry inside and outside Ghana.
5. Meet the regional and international standards in education, which will produce graduates who are competitive locally and internationally.

OBJECTIVES

The objective of the Program is to produce graduates that:

- ◆ Become academically competent in the field of information technology and make connections with related disciplines
- ◆ Are able to continue their studies at graduate level in any information technology related field.

- ◆ Handle the problems of scale and complexity that applications in industry and commerce present.
- ◆ Are familiar with the world of work through practical experience, gained through laboratory work and project development
- ◆ Appreciate the need to construct systems that both satisfy requirements and enhance the lives of those who use them
- ◆ Recognize the requirements and limitations for computer systems in the scientific and industrial environments
- ◆ Understand the design and programming issues that underlie the construction of systems that can be changed, extended and adapted to meet the demands of a rapidly changing technological and commercial environment.
- ◆ Understand the technologies related to computer systems and appreciate and adapt to changes in such technologies.

UNIQUENESS OF PROGRAMME

Online Experiential learning including global Study

Flexibility and choice across IT expertise areas.

Experienced local and expatriate lecturers
Top class value added skill building courses like CCNA, MCS and etc.

Modular Course design with year wise special Certification.

B.Sc Information Technology

PROGRAMME COMPONENT/STRUCTURE

The Bachelor of Science in Information Technology (IT) programme at the Kings University College is a four-year programme and the minimum credit required for graduation is 144 credits over 8 semesters of sixteen weeks duration. The programme structure and course descriptions are as follows:

The curriculum is structured that at levels 100 and 200, all Bachelor of Science in Information Technology and Computer Science offer a total of 24 common courses for a total of 72 credits. From levels 300 to 400, the students start their various specialisations.

COURSES

Level 100 (Semester 1)

- ◆ Introduction to Information Technology
- ◆ African Studies 1 (African Civilization)
- ◆ Principles of Programming
- ◆ Discrete Mathematics
- ◆ English Language I
- ◆ French Language I

Level 100 (Semester 2)

- ◆ Introduction to Management
- ◆ African Studies – 1 (African Civilization)
- ◆ Probability and Statistics for Computing
- ◆ Object Oriented Programming (C++)
- ◆ French Language II
- ◆ English Language II

Level 200 (Semester 1)

- ◆ Data Structure and Algorithms
- ◆ Introduction to Databases System (Oracle)
- ◆ Introduction Operating Systems
- ◆ Introduction to Graphic Design
- ◆ Systems Analysis and Design
- ◆ Intermediate Programming (JAVA)

Level 200 (Semester 2)

- ◆ Introduction to Web Design and Prog.
- ◆ Business Innovation with Digital Technology
- ◆ Computer Architecture and Organisation
- ◆ Human Computer Interaction
- ◆ E-Commerce
- ◆ Data Structure and Algorithms- II

Level 300 (Semester 1)

- ◆ Advanced Web Programming and Technologies
- ◆ IT Services Management
- ◆ Computer Communication & Networks
- ◆ System Analysis and Designs
- ◆ Programming in VB. Net
- ◆ Research Methods

Level 300 (Semester 2)

- ◆ Operations Research
- ◆ Management Information Systems
- ◆ Advanced Database Management Systems
- ◆ Mobile Application Development
- ◆ Software Engineering
- ◆ Multimedia Application

SSSCE/WASSCE CERTIFICATE HOLDERS

Applicants from Ghana must have:

- ◆ C/C6 or better in English Language
- ◆ C/C6 or better in two other core subjects including Mathematics
- ◆ C/C6 or better in three Elective Subjects

Applicants from Nigeria must have:

- ◆ C6 or better in English Language
- ◆ C/C6 or better in two other core subjects including Mathematics
- ◆ C/C6 or better in three Elective Subjects

NECO

- ◆ Six`credits including English Language and Mathematics.

GCE "O" Level or "A" Level HOLDERS

- ◆ Five (5) passes in including English Language, Mathematics and a Science Subject.
- ◆ Two (2) passes (at least C) at the GCE Advanced Level excluding General Paper.

MATURE STUDENTS

- ◆ Must be at least 25 years of old
- ◆ Show birth certificate or legal document as a proof of age
- ◆ Employer's introductory letter any other proof of employment
- ◆ Must pass Mature Students' Entrance Examinations conducted by KUC in English Language, Mathematics, General Paper and Aptitude Test).
- ◆ Interview for those who passed the mature students' entrance exams.

HND - LEVEL 100 (LAW AND CS & IT ONLY)

◆ Credit passes in Mathematics and English Language. HND holder must have at least a second class lower.

Level 200

- ◆ ACCA level-1,ACMA level-1,ICA(GH) Part-1, CIM certificate, CIMA certificate
- ◆ ABCE with passes in three subjects
- ◆ HND top-up (Change in Specialization)

Level 300

- ◆ HND top-up in same specialization with English language and Mathematics at GCE 'O' level or WASSCE.

MBA Programmes

- ◆ A first degree in any discipline with at least 2nd class lower.
- ◆ A minimum of 5year work experience with 3rd class
- ◆ Final Certificate of ICA (GH), CPA, ACCA, CIMA, CFECIM, CFA and.
 - Other relevant professional qualification.

We have one of the best private university campuses in Ghana. We have essential facilities such as swimming pool, lawn tennis and basketball courts, Horses and a first class restaurant, a very large car park on a 40 acre stretch of land. KUC campus is Wi-Fi enabled and serene for effective academic work.

We also have a first class residential facility for our students on first come first serve basis.

The Kings University College Library stocks volumes of reference books in the relevant programmes. The library operates from 9:00am to 9:00pm daily except Sundays. The collection is classified by the Library of Congress scheme to ensure logical and understandable arrangement.

The Kings University College has access to the London Metropolitan University Library via online connectivity.

Our lecture halls are air-conditioned with the state-of-the-art teaching and learning materials. There are large and small lecture halls which are very conducive for student-Lecturer interaction.
